MedDX RIO/1K Rigid Insulated Shipper

Product Code	Case Qty.	Description	Ext. Dimensions	Int. Dimensions
RIO/1K	7	Rigid Insulated Outer 1K	396 x 296 x 210 mm	205 x 140 x 60
RFI95/1K	7	RF95/1K Insulated (ADR)	396 x 296 x 210 mm	205 x 140 x 60

The MedDX RIO/1K is supplied assembled and contains a 20mm EPS liner and Security Seal. Typically used to protect samples in extreme temperature conditions and also used in conjunction with dry ice or gel packs.

The MedDX RF95I/1K system incorporates the MedDX FS95/C5: a 95kpa regulatory compliant flexible secondary pressure vessel, designed to contain a wide range of primaries including blood tubes, specimen containers and swabs. This is accompanied by a MedDX SAP 50ml super absorbent sheet, which is to be packed in to the FS95. The outer carton security seal is designed to be tamper-evident.

The Rigid Insulted Outer is designed and marked to comply with the the relevant transport regulations.

The external size has been selected to meet the courier network volumetric 1kg pricing tariff.
